# HERBAEXTRACT DRAIN CLOG FREE

Certified Bio-Based Cleaning &  
Degreasing Compound CCD-110

A unique, natural, concentrated formulation of microbes, enzymes and surfactants for de-clogging and cleaning drains while deodorizing odors and odor-causing organic materials.

## What is it?

A clogged drain can stop operations – whether it is a healthcare facility, busy restaurant, or even at home. DRAIN CLOG FREE combines fast-acting chemistry to quickly open clogged drains with a patented beneficial microorganism that continuously degrades organic drain buildup. The long-lasting microbial action of DRAIN CLOG FREE helps maintain free-flowing drain lines and reduce the organic matter that cause malodors.

## Where do I use it?

DRAIN CLOG FREE has been confirmed by independent laboratory testing to open clogged drains and effectively remove congested sinks and drain soil made of grease, fat, starch, sugar and protein. This same independent laboratory's tests show that DRAIN CLOG FREE performs better than the leading brand of drain openers. The buildup of organic matter in the drain line is a major cause of blockages and slow-running drain lines.

## Features and Benefits

### Fast, effective drain opener

- Independent laboratory test confirms that DRAIN CLOG FREE quickly opens clogged drains and effectively removes congested soil. DRAIN CLOG FREE performance is superior to the leading brand of caustic acid drain cleaners
- Helps maintain free-flowing drain lines and prevent drain blockages on a continuous basis by degrading organic matter found in most drains
- Reduces the need for additional drain treatment and maintenance

### Long-lasting odor control

- Provides long lasting odor reduction by breaking down odorous volatile fatty acids and odor-causing organic buildup

### Patented microbial technology

- Patented microbial technology for long-lasting grease interceptor performance, even under harsh or low-pH conditions

## Is it safe?

In choosing a product, we wanted to be sure the product we used did not contain dyes, ammonia or chlorine. The product is made from pure, renewable, patented plant extract ingredients which works as well as traditional caustic drain cleaners.

EPA Category IV Toxicity (safest rating allowed) for all routes of exposure.

Non Workplace Hazardous Materials Information System (WHMIS) regulated product

## Collaboration

GoldenEnviro has forged a strategic partnership with Novozymes to develop new technologies and improve current ones. Novozymes is the world leader in bio-innovation.

Their business is industrial enzymes, and microorganisms ingredients. This strategic alliance has resulted in the development of new and innovative solutions to long standing problematic circumstances in a myriad of remediation challenges including oil spills, brownfields and tailing ponds.

## Registrations

### Environment Canada

"At Environment Canada (EC), our business is protecting the environment, conserving the country's natural heritage, and providing weather and meteorological information to keep Canadians informed and safe."

## Product Assortment

### Size: 500 mL Bottle

Model #: GE-CF-500  
UPC: 887589010183  
QTY: 12/box

### Size: 909 mL Bottle

Model #: GE-CF-909  
UPC: 887589010190  
QTY: 12/box

### Size: 4 L Jug

Model #: GE-CF-4L  
UPC: 887589010206  
QTY: 4/box

### Size: 20 L Pail

Model #: GE-CF-20L  
UPC: 887589010213  
QTY: 1 pail

## Recognition & Certification

### U.S. Green Building Member

The U.S. Green Building Council is the nation's foremost coalition of leaders working to transform the way buildings and communities are designed, built and operated, enabling an environmentally and socially responsible, healthy, and prosperous environment that improves the quality of life.

HerbaExtract Drain Clog Free is a Green Cleaning Product, and can help earn one LEED point in any of the LEED rating systems. Below is a list of the applicable rating systems, as well as the names and values of the credits for which this product complies.

EQp3: Green Cleaning Policy

EQc3.3: Purchase of Sustainable Cleaning Products and Materials

IDc1.1: Innovation in Design: Green Cleaning Program

### EcoLogo™ Certified Green Technology®

The EcoLogo™ designation is used for formulations that utilize biodegradable surfactants at a neutral pH, contain no phosphates, no solvents, and low concentrations of volatile organic compounds (VOC). So it is safe for user and the Environment.
